

About Synergy

We're delighted to announce that we're partnering with Total Synergy to help engineers streamline their business operations to deliver projects on time, on budget and to a profit.

Total Synergy makes Synergy - the cloud-based business and project management software built with and for engineers.

Project management in Synergy

Know exactly how projects are tracking at every stage. Monitor time against headway on site, manhours against availability, expenditure against estimates, all while keeping everyone aligned and focused.

Project accounting in Synergy

With a single source of accurate, business-wide data at your fingertips, you can quickly pinpoint sources of profit, understand costs, stay on budget, raise invoices at any stage, get paid in any currency, improve cash flow, and drive the success of individual projects in real-time.

PROJECT MANAGEMENT

Our motto is "Time Saves Money"!

Project management helps you save both. We help our clients improve their performance and achieve their most important business goals. Our main tools in

efficient delivery of each project is the software app Total Synergy, one of the best tools for architects, engineers and construction designers.

Deliver every project on-time and on-budget

Know exactly where your project work and people stand at any stage and forecast your future. Keep everyone on track without extra meetings or emails.

DASHBOARDS

Get a comprehensive snapshot of reality

Visualize important business and project information and quickly identify areas that need attention or improvement.

PROJECTS

Manage projects with accuracy and precision

Drive project success with a work breakdown structure, segment projects into stages, tasks and fee types.

REPORTS

Make better decisions in real-time

Present organized data and drill-down reports for better business and project decisions.

OUTSOURCING SERVICES

Do routine activities take up too much of your time? Focus on what really matters by outsourcing to a company willing to be a reliable partner and improve your processes!

- HR Outsourcing
- Payroll Outsourcing
- Business Outsourcing

Payroll / Salary Calculation and Personnel Administration

We guarantee the confidentiality of all data and a high quality of service, as well as the optimization of your costs for payroll and HR management services. We are always at our clients' side with reliable advice on employment law.

Human resources consultancy

People are our most valuable resource, representing a sustainable competitive advantage for organisations operating in a global economy characterised by one certainty - change. Skills missing, combined with a mismatch between demand and supply of talent, make attracting (and retaining) the right people in the right place at the right time more complicated than ever.

FIRE AND BLAST PROTECTION SOLUTIONS

- Fire and anti-explosion walls
- Explosion release systems
- Thermal protection structures
- Wind protection

Design consultancy:

- Explosion studies reports and solutions
- Studies and design of anti-explosion and fire systems
- Studies of "liberation" explosion
- Optimised design of explosion and fire resistance systems
- Optimization of structural/thermal/seismic protection systems

Thermal protection systems applicability:

- Vessels of small and large sizes
- Small components
- Process piping systems
- Defense Industry

Quality assurance and certification of the products / systems delivered by us:

- LR/DNV Type Approval for Fire Ratings A0
- LR/DNV Type Approval for Fire Ratings A30
- LR/DNV Type Approval for Fire Ratings A60
- LR/DNV Type Approval for Fire Ratings H0
- LR/DNV Type Approval for Fire Ratings H60
- LR/DNV Type Approval for Fire Ratings H120
- LR/DNV Type Approval for Jet Fire Ratings J120
 - Lloyds Design Approval of Modules
 - DNV Approval for Containers
- DNV Approval for Modular Designs of Living Quarters
 - Lloyds Design Approval of Heatshields Products

INDUSTRIAL HYDRO-BLASTING ROBOTIC SOLUTION

- Cleaning and hydro-sandblasting
- World leader in ship sandblasting with the help of industrial robots
- +300 ROBOT units++ industrial hydro-blasting robots in use
- Total sandblasted areas: 500,000 m², #1 world place
- Blasting quality: SA2.5
- Reduce costs by 60% and time spent in the dock by 25%
- No one works at height - optimal HSE performance

DIESEL GENERATORS

We work with some of the best diesel generator manufacturers in the business to offer a wide range of high quality silent & open diesel-powered generators. We have power generators from 10 to 2500 kVA, offering a range of more than 4 different engines.

We are the right partner for customized projects and sophisticated solutions:

- Super silenced generators
- Marine applications
- High capacity fuel tank
- Synchronisation systems of up to 32 generators
- Generators with special doors due to space constraints
- Containerized generators
- 2 generators in a single canopy
- Hybrid solutions

SOLAR PANELS AND INVERTERS

TW SOLAR – Solar panels 395W, model

TH375 ~ 400PM5-66SAS Monocrystalline PERC solar module

KSTAR | POWERING GREEN FUTURE
WWW.KSTAR.COM – Ongrid Invertor

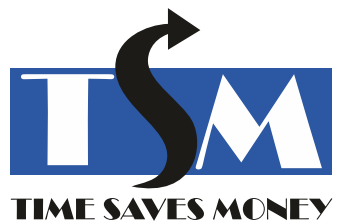

GROWATT – Offgrid and hybrid Inverters

Solar Energy Storage Batteries

- Communicate with many tips of inverters
- Size:580*420*203mm | Weight:50kgs
- @100% DOD >4000 Cycle Life, @80% DOD >7000 Cycle Life (0.5C)
- Power key (for BMS On/Off)
- Terminal fit up to 2 AWG wire
- Create 48 Volt Storage Systems
- Connect in parallel, up to 16 for 81,920 Watts,
- Automatic system cell balancing
- All parameters available on LCD display
- Temperature monitoring (high and low cut-off), temperature sensors
- Exceptional voltage stability
- Maintenance-free; No hydrogen generation or gassing
- <70% the weight of similarly sized SLA batteries
